GRACEN JULES
FOUNDATION

The Gracen Jules Foundation is committed to inspiring young minds through creativity and opportunity.

We believe “an inspired child is a happy child”, and we are focused on providing both resources and experiences towards facilitating this inspiration.

The Foundation partners with local nonprofits towards underwriting these resources and experiences for area youth, and we help create the next steps towards ambition, commitment and engagement.

We provide resources like art supplies, dance clothes, musical instruments, and skill-building software, and experiences like camp participation, theater/dance performances, career-focused field trips, and local flights in private aircraft.

It’s all about inspiration and opportunity to help youth recognize the opportunities of their lives. And it’s about opening doors towards converting this opportunity into action.

The Gracen Jules Foundation is committed to opening these doors and introducing what the world could be once youth inspiration guides the way.

The Gracen Jules Foundation is a nonprofit corporation, 501c3 public charity.
